WORK EXPERIENCES

General Manager & Digital Marketing Manager
San Fernando Cebu Sayu Café

May 2025

Managed cafe's day-to-day operations, supervised staff, managed inventory, and ensured quality customer service. Also led the café's digital media and marketing efforts, creating engaging content, campaigns, and promotions to grow our audience and attract customers. introduced simple workflow improvements that helped streamline service and keep operations efficient. Also took on multiple roles including being a barista, kitchen support, and dispatcher—whenever needed, which strengthened my ability to work under pressure, multitask effectively, and understand all aspects of the business.

PROJECTS

StartUpSphere Unified Startup Mapping Ecosystem | Frontend Developer

Present

A unified, real-time ecosystem designed to connect startups, government agencies, investors, incubators, and innovators in the Philippines. It solves fragmentation by integrating a dynamic 3D map, government collaboration tools, and real-time startup validation into one centralized digital platform.

CineCity Cinema Booking Management System | Full Stack Developer

Dec 2024

CineCity is a real-time cinema booking management system designed to simplify the movie reservation experience for both customers and administrators. The platform allows users to browse movies, view showtimes, select seats, and book tickets seamlessly through its intuitive web and mobile interfaces. For administrators, CineCity provides a centralized dashboard for managing movies, schedules, bookings, and customer records.

HabitTracker Habit Tracking Web Application | Frontend Developer

Aug 2024

Habit Tracker is an app designed to help users build positive habits, one small step at a time. The name 'Atomic' reflects our philosophy: just like atoms are the building blocks of matter, small, consistent actions are the building blocks of meaningful change. By focusing on these small, 'atomic' habits, the app empowers users to achieve bigger goals effortlessly.
